All voting sites are fully accessible to persons with physical disabilities. Each site also has a voter assist ballot marking device which allows persons with sight disabilities to mark their ballot independently. The device allows voters to make their selections using an audio read-back touchpad, or touchscreen. The touchscreen option provides magnification and reverse black and white images. Voters unable to see the screen may have the screen turned off and use only the audio read-back and touchpad features. The audio read-back feature provides all ballot instructions, choices, and selections in audio format using headphones. After making selections with the ballot marking device, via touchpad or touchscreen, the device will mark the voter's paper ballot and the voter will insert their marked ballot in the regular ballot tabulator used for all other ballots.

Voters may also choose another person to assist them to vote, except their employer, employer's agent, or an officer or agent of the voter's union. Curb-side voting is available at each site for voters unable to leave their vehicle. Voters wishing to use the curb-side option should bring someone with them, or contact the voting site or County Auditor's Office at 641-673-7148 with an expected time of arrival.
