The matter of the Recommendations of the Compensation Board was tabled until later date.

It was moved by Gordy seconded by Groenendyk to approve the following resolution. All ayes. Motion carried.

**RESOLUTION**

Whereas the Iowa Chamber Alliance is promoting a proposal to change the Road Use Tax Fund Distribution Formula to increase the city’s share from 20 to 25 percent, to increase the state’s share from 47.5 to 50 percent, and to decrease the county’s share from 32.5 to 25 percent, and to change the basis for the division of the county’s share from area and needs to population,

And Whereas we foresee that if this proposal is successful, it will result in dramatic changes to funding levels for County Secondary Road Departments, affecting the ability to provide maintenance and construction services on Secondary Roads,

And Whereas the County Secondary Road System is vitally important with respect to providing a transportation system that serves the needs of the agricultural industry, and provides safe travel routes for school buses, mail carriers, rural residents, and the traveling public,

And Whereas the continued upkeep of the rural roads is so very important that funding levels cannot be shifted away from them.
Be It Therefore Resolved that the Mahaska County Board of Supervisors oppose the Iowa Chamber Alliance proposal in the initial form that it has been presented.
Passed and Approved this 4th day of February, 2002.
